APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:
portion of the waters of an underground source as heretofore granted under Permit 55911 is issued subject to the terms and conditions imposed in said Permit 55911 and with the understanding that no other rights on the source will be affected by the change proposed herein. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands. This temporary permit is issued under the preferred use provisions of NRS Chapter 534. The manner of use of water under this permit is by nature of its activity a temporary use and any application to change the manner of use granted under this permit will be subject to additional determination and evaluation with
respect to the permanent effects on existing rights and the resource within the ground water basin. The issuance of this temporary permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies. (CONTINUED ON PAGE 2)
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to
exceed
Work must be prosecuted with reasonable diligence and be completed on or before
Proof of completion of work shall be filed before
Application of water to beneficial use shall be made on or before. Proof of the application of water to beneficial use shall be filed on or before
Proof of the application of water to beneficial use shall be filed on or before
Map in support of proof of beneficial use shall be filed on or before
Completion of work filed IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P. E State Engineer of Nevada, have hereunto set my hand and the seal of my

(PERMIT TERMS CONTINUED)

The total combined duty of Permits 43378, 43379, 43380, 43381, 55906, 55908, 55910, 55911, 55912, 55913, 55915, 57935, 58245, 58793, 61335-T, 61336-T, 61337-T, 61338-T, 61340-T, 61341-T, 61342-T, 61343-T, 61344-T, 61756-T, 61757-T, 61758-T and 61759-T will not exceed 13,204.0 acre-feet annually.

The permittee will comply with the monitoring plan approved by the State Engineer which will be subject to revision upon review of the data generated.

The data and analysis of the data will be submitted to the State Engineer on a monthly basis, subject to any revision of the frequency of the data collected.

This temporary permit is issued subject to the conditions set forth in the withdrawal of the City of Ely's protest dated October 28, 1991, under Permit 55906.

A monthly report will be submitted to the State Engineer within 15 days after the end of each calendar quarter which shall include: (A) The volume of water pumped from each well, (B) The measurement of pumping water level (drawdown) from each production, dewatering and monitoring well, (C) The volume of water consumptively used for mining and milling uses projectwide, and (D) The volume of water used for dust control purposes projectwide.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on February 8, 1997 at which time all rights herein granted

shall revert to the right being changed by this temporary permit.
